## ABC for new breeders

Dear new breeders,

The SCCh is happy about every new responsible breeder.

With the following ABC for new breeders we would like to make your start into the ADVENTURE dog breeding easier.

The most important information and regulations are summarized here.

All breeders and stud dog owners are committed to the ZKR SCCh breeding and licensing regulations.

All information and forms are available for download on the club website.

[www.chodsky-pes.ch](http://www.chodsky-pes.ch)

### 1. FCI breeding name

The breeding name must be applied for and has to be approved by the SKG (Schweizerische Kynologische Gesellschaft, Sagmattstrasse 2, Postfach, 4710 Balsthal, T. 031 306 62 62, info@skg.ch). Before the first breeding of the bitch. This can take several weeks to months

### 2. Approval for breeding bitches and stud dog owners

The approval takes place once a year and is carried out by the SCCh. All dogs that are at least 18 months old can be registered for approval.

- Before the approval all dogs must have an HD/ED X-ray and a DM genetic test (Laboklin) at their veterinarian and have it evaluated by the University of Zurich. Dogs with HD max. C and ED 1 with complete scissor bite are approved. 1 x Dogshow with result excellent or very well. The dog's exterior and character will be assessed by a judge.

### 3. Heat, pregnancy and rearing of the puppies

Please inform yourself in good time about the following topics.

Heat: <https://de.wikipedia.org/wiki/Läufigkeit>

Pregnancy and birth: [http://www.polar-chat.de/wiki/Trächtigkeit\\_und\\_Geburt](http://www.polar-chat.de/wiki/Trächtigkeit_und_Geburt)

Rearing of the puppies and phases of development:

<https://magazin.mydog365.de/erziehung/welpenerziehung/entwicklungsphasen-welpen/>

You can also get valuable tips from experienced breeders.

- ### 4. Control of the kennel
- by the SCCh is at the expense of the breeder and must take place before the bitch is mated. (Please make an appointment with the breeding supervisor in good time.)

- ### 5. The registration of the kennel on the SCCh website
- is subject to a fee. (CHF 50.00 for club members one-time, CHF 150.00 per year for non-members.)

### 6. Selection of the stud dog

The form for the internal registration before mating is available for download on the SCCh website and must be submitted to the breeding supervisor at least 1 month before mating.

## SCCh ABC for new breeders

7. **The mating** can only be done with a licensed female / licensed male with valid pedigree papers recognized by the FCI.  
Please note when the bitch has her most fertile days. Special tests are available from your veterinarian. However, it should be noted that each bitch behaves differently in her season.
8. **The registration form** for the mating must be submitted to the breeding supervisor within 10 days of the mating.
9. **The internal litter notification** must be submitted to the breeding supervisor within 10 days.
10. **The SKG litter notification** must be sent to the breeding supervisor with all enclosures within 4 weeks of the birth of the puppies.
11. **Litter control by the SCCh**
  1. **control** with 3- 5 weeks (decided and approved in 2018) is at the expense of the SCCh.
  2. **control** with approx. 8 weeks is at the breeder's expense. In case of litters with more than 8 puppies an additional control takes place and is also at the breeder's expense.
12. **Puppies can be handed over** at 8 weeks at the earliest and only **after** the litter control. In EU countries puppies may only be handed over at 15 weeks after the rabies vaccination (12<sup>th</sup> week)
13. **The puppy price** is regulated internally in the SCCh:  
Delivery of the puppy up to and including 9 weeks: **2 200 CHF**.  
Each additional week CHF 50.00. Delivery in EU countries with 15 weeks: **CHF 2550.00**

**Our breeding supervisor and the members of the SCCh breeding commission will be happy to answer any further questions.**
